

# Errata Sheet

for the document titled:

**LEED for New Construction**  
**Version 2.2**  
**Reference Guide**  
**Third Edition, October 2007**

EQ	387	Please replace the last phrase of the title "Regularly Occupied Spaces" to the following (changes in CAPS)  "in residential applications it refers to ALL SPACES EXCEPT CLOSETS OR OTHER STORAGE AREAS, UTILITY ROOMS, AND BATHROOMS. (BEDROOMS, LIVING ROOMS, TV ROOMS, DINING ROOMS, KITCHENS, MEDIA ROOMS, ETC. WOULD ALL BE CONSIDERED "REGULARLY OCCUPIED.)"
EQ	394	Please replace the last phrase of the title "Regularly Occupied Spaces" to the following (changes in CAPS)  "in residential applications it refers to ALL SPACES EXCEPT CLOSETS OR OTHER STORAGE AREAS, UTILITY ROOMS, AND BATHROOMS. (BEDROOMS, LIVING ROOMS, TV ROOMS, DINING ROOMS, KITCHENS, MEDIA ROOMS, ETC. WOULD ALL BE CONSIDERED "REGULARLY OCCUPIED.)"
Glossary	418	Please replace the last phrase of the title "Regularly Occupied Spaces" to the following (changes in CAPS)  "in residential applications it refers to ALL SPACES EXCEPT CLOSETS OR OTHER STORAGE AREAS, UTILITY ROOMS, AND BATHROOMS. (BEDROOMS, LIVING ROOMS, TV ROOMS, DINING ROOMS, KITCHENS, MEDIA ROOMS, ETC. WOULD ALL BE CONSIDERED "REGULARLY OCCUPIED.)"

Errata posted 6/13/2008

EQc3.1	323	Under the heading "Requirements", in the first bullet point, the referenced standard has been updated to the "SMACNA IAQ Guidelines for Occupied Buildings under Construction, Second Edition-November 2007, chapter 3"
--------	-----	---

Errata posted 4/7/2008

MRC7	288 & 291	Under "Summary of Referenced Standard" (p288) and "Resources" (p291), change the Forest Stewardship Council, United States' phone number to (703) 438-6401
MRC7	288	Revise the "Chain of Custody (COC) Certification" definition to:  <b>Chain-of-Custody (COC) Certification</b> enables tracking of wood all the way through

		the value chain into final products. It is awarded to companies that produce, sell, promote, or trade forest products after audits verify proper accounting of material flows and proper use of the FSC name and logo.
MRc7	289	<p>Replace the text under “Chain-of-Custody Requirements” with the text below:</p> <p style="text-align: center;"><b>Chain-of-Custody Requirements</b></p> <p>Each wood products vendor that invoices FSC-certified wood products to project contractors and subcontractors must be COC-certified by an FSC-accredited certifier. Contractors and subcontractors are not required to have COC certification.</p>
MRc7	289	<p>Replace the text under “Calculations” with the text below:</p> <p style="text-align: center;">List all new (i.e. not reclaimed, salvaged, or recycled, etc.) wood products used on the project and identify which products are FSC certified. Using <b>Equation 1</b>, tally both the non-FSC-certified wood and the FSC certified wood.</p> <p>Wood products that are identified as “FSC Pure” or “FSC Mixed Credit” shall be valued at 100% the product cost. Wood products identified as “FSC Mixed [NN]%</p> <p>” should be valued at the indicated percentage of their cost, e.g., a product identified as “FSC Mixed 75%” should be valued at 75% of the cost. “FSC Recycled” and “FSC Recycled Credit” products do not contribute to this credit.</p>
MRc7	289	<p>Replace the title “<b>Assemblies</b>” with “<b>Products that Combine Wood and Other Materials</b>” and under that heading replace the existing text with the following:</p> <p style="text-align: center;">In the case of manufactured products such as windows and some furniture systems that combine wood and non-wood materials, only the wood portion can be applied toward the credit. To determine the value of the wood portion, calculate the amount of wood as a percent of the total weight, volume, or cost of the product and multiply this by the total value of the product as invoiced to project contractors, subcontractors, or buying agents.</p> <p style="text-align: center;">If the wood portion of the assembly product is identified as “FSC Pure” or “FSC Mixed Credit,” then 100% of the value of the wood portion shall count toward achievement of the credit. If the product is identified as “FSC Mixed [NN]%,” then the wood portion should be valued at the indicated percentage, e.g., for a product identified as “FSC Mixed 75%,” the wood portion should be valued at 75% of the cost.</p> <p style="text-align: center;">The calculations for certified wood shall include only new wood products. The value of any recycled wood fiber content of a product that qualifies as contributing to MR Credit 4, Recycled Content Materials, shall be excluded.</p>
MRc7	290	<p>Replace the text under “Submittal Documentation” with the text below:</p> <p style="text-align: center;">This credit is submitted as part of the <b>Construction Submittal</b>.</p> <p style="text-align: center;">The following data and calculation information is required in order to complete the v2.2 Submittal Templates:</p> <ul style="list-style-type: none"> <li>□ For all permanently-installed wood products, both FSC-certified and not, vendor invoices must be compiled, and wood price values entered into the submittal template. A Vendor is defined as the company that sells wood products to building project contractors or subcontractors.</li> </ul>

		<p>Each vendor invoice must conform to the following requirements:</p> <ol style="list-style-type: none"> <li>1. Each wood product must be identified on a line-item basis;</li> <li>2. FSC products must be identified as such on a line-item basis and must be identified as “FSC Pure,” “FSC Mixed Credit,” or “FSC Mixed [NN]%”;</li> <li>3. The \$ value of each line item must be shown;</li> <li>4. The vendor’s chain-of-custody (COC) number must be shown on any invoice that includes FSC products.</li> </ol> <p>Exceptions – in some rare instances, it may not be practical for a vendor to invoice wood products on a line-item basis because the invoice would be dozens of pages long. In such cases, the invoice should indicate the aggregate value of wood products sold by the vendor. If the wood products are FSC certified:</p> <ol style="list-style-type: none"> <li>1. The vendor’s COC number must be shown on the invoice;</li> <li>2. The invoice must be supplemented by a letter from the vendor stating that the products invoiced are FSC certified.</li> <li>3. The invoice or the letter must state whether the products are “FSC Pure,” “FSC Mixed Credit,” or “FSC Mixed [NN]%.”</li> </ol> <p>An optional narrative can be submitted describing any special circumstances or considerations regarding the project's credit approach.</p>
MRc7	290	<p>Under Definitions, revise the “Chain of Custody (COC)” definition so it reads as follows:</p> <p><b>Chain-of-Custody (COC)</b> is the path taken by raw materials, processed materials, and products from the forest to the consumer, including all successive stages of processing, transformation, manufacturing and distribution. The COC certificate number is listed on vendor invoices for products to document that an entity has followed FSC guidelines for product accounting.</p>
